

# UK Formula 1 Constructor Saves over half a tonne in Plastic Waste per Year

Energy lives here™

## Formula 1 | Race car constructor | UK

### Situation

One of Moove UK's customers is a UK based Formula 1 constructor – Upon hearing about Moove's Sustainability standpoint, they requested us to visit with a view of helping them reduce the amount of plastic waste generated from their oil store.

### Recommendation

Moove's Lubrication Engineer visited, alongside our Sector Specialist, and we helped fabricate three steel bulk oil storage tanks for their most frequently used oils.

### Benefits

From implementing the recommendations, it has saved our customer over £700/year in the cost of buying oil in larger pack sizes and, more importantly, reduced over 500kg/year in plastic waste!

# Over 500kg/year in plastic waste savings

**Advancing Productivity™**

### Advancing productivity

Helping you reach your Safety, Environmental Care\*\* and Productivity goals through our innovative lubricants and services is our highest priority. That's Advancing Productivity. And that's how we help you achieve your broader vision of success.

\*This Proof of Performance is based on the experience of a single customer. Actual results can vary depending upon the type of equipment used and its maintenance, operating conditions and environment, and any prior lubricant used.

\*\*Visit mobil.com /industrial to learn how certain Mobil-branded lubricants may provide benefits to help reduce environmental impact. Actual benefits will depend upon product selected, operating conditions and applications.

Exxon Mobil Corporation has not authored or validated the performance claims mentioned in this document.
